Summary

Frontend Developer with 1.5+ years of hands-on experience in designing and developing responsive, scalable, and user-focused web & mobile applications using **React.js**, **React Native**, and **Material UI**. Skilled in API integration, performance optimization, and building reusable UI components.

Proficient in **JavaScript (ES6+), TypeScript, HTML5, CSS3, and REST APIs**, with practical experience in version control using **Git & GitHub**. Experienced in building cross-platform mobile apps, debugging, and testing to ensure high-quality deliverables.

Collaborative team player with experience working in **Agile/Scrum environments**, closely coordinating with backend developers, testers, and product managers. Strong problem-solving mindset with a focus on writing clean, maintainable, and scalable code.

Passionate about learning new technologies, enhancing user experience, and contributing to innovative projects that create real-world impact.

Experience

Skandavel WebTech – Tuticorin, India (Dec 2023 – Present)
Frontend Developer & React Native Developer

ConnectMe Portal (React.js)

- Built reusable UI components (dynamic modals, multi-step forms, conditional layouts) reducing development time by **20%**.
- Integrated REST APIs for real-time data flow, improving performance and scalability.
- Worked with backend and QA teams in an **Agile/Scrum environment** for faster delivery cycles.
- Ensured responsive design, accessibility, and cross-browser compatibility.

Skewb Works (React.js)

- Improved website UI responsiveness and fixed major bugs.
- Delivered new cross-platform features using **React Native** for mobile apps.
- Integrated backend APIs, optimized data handling, and improved mobile performance.

NEET MCQ App (React Native)

- Built a NEET exam preparation app using **React Native** with real-time content updates.
- Added offline mode for seamless exam practice without internet.
- Designed smooth user experience with interactive MCQ quizzes and results tracking.

Projects

- **Portfolio Website** (HTML, CSS, Bootstrap) — personal portfolio, currently live at portfolio link.
- **Metadiac UI Site** — Pure front-end site built with HTML, CSS, Bootstrap. Demo: GitHub.
- **Web3.0 UI Page** — Simple Web3.0 front-end demo using only HTML, CSS, Bootstrap. Repo: GitHub.
- **E-commerce Mobile App (React Native)** — Started mobile app project, 10% complete. Built initial UI skeleton and navigation structure. Repo: GitHub.

Skills

Frontend: HTML, CSS, JavaScript (ES6+), React.js, React Native, Material UI, Bootstrap
Backend/Tools: REST APIs, Node.js (Basics), Axios/Fetch, Postman
Other: Git, GitHub, Responsive Design,
